

## Public Transport

### External Message Copy

For release from Wednesday 10 June

### Passenger Travel Advice

- Only use public transport if you have no other travel options. This keeps services safe and available for those who need them most. Walk, cycle or drive if you can but you should continue to stay at home as much as possible.
- When making essential journeys on public transport stay apart and you must wear a face covering.  
Find out how to make and use a face covering at <https://www.networkwestmidlands.com/plan-your-journey/network-overview/advice-while-travelling-during-the-coronavirus-outbreak/face-coverings/>
- Social distancing is important to keep you and transport staff safe.  
Find out how to stay safe and stay apart on public transport: <https://www.youtube.com/watch?v=43sw-WSfpGg>
- As more people return to work and shops begin to open, public transport services and roads will be busier. If you drive, check your journey before you leave and plan alternative car parks you can use in case they are full when you arrive.
- When using public transport allow extra time for your journeys and try not to travel at peak times. Be prepared to wait as capacity is limited.  
Key travel advice to help you get around easily: <https://www.youtube.com/watch?v=0--XwGlzmys>
- Bus, train and tram services are operating for those who need them most and full details are available at <https://www.wmnetwork.co.uk/plan-your-journey/network-overview/>
